KEEP CALM AND APPLY TO COLLEGE

If all of the UCs were 100 students they would...

- Where do our students come from?

- How many transfer from community college?

- What languages do they speak?

- What are the ethnic backgrounds?

- How many are in student organizations?

- How many do undergraduate research?

- What sectors will graduate work in?

- How many will earn advance degrees?

Admission to UC

Requirements vs. Selection

Every UC Campus
- Receives the same application
- Reviews for minimum requirements
- Considers each applicant individually for admission using content of your application

How applications are reviewed

- Academic grade point average

- ACT with Writing or the SAT with Essay

- Quality of senior-year program as measured by the type and number of academic courses in progress or planned

- Quality of your academic performance relative to the educational opportunities available in your high school

- Outstanding performance in one or more specific subject areas

How applications are reviewed

- Outstanding work in one or more special projects in any academic field of study

- Recent, marked improvement in academic performance

- Special talents, achievements and awards in a particular field

- Completion of special projects undertaken in the context of your high school curriculum or in conjunction with special school events, projects or programs

- Academic accomplishments in light of your life experiences and special circumstances

Comprehensive Review

Campuses Look For
- Strong grades, test scores & course preparation
- A comprehensive educational experience

Assess Student Within Context
- Educational/Personal environment
- Available resources and opportunities
- Not just the personal insight questions

How to choose a UC to apply to?

o Location

o Size

o Environment

o Major

o Resources

o Personality

o Housing & Transportation

One system, nine personalities

No matter which campus students end up being at, they will find their home within the UC family!
